

Gallery Gift Shop

The Gallery Gift Shop has grown from originally stocking only a limited range of cards to expanding into the entrance area which has been painted and fitted out with glass shelves and cabinets. The aim is to assist, preferably Tasmanian, but also interstate artists by showcasing and offering for sale their high quality art works. This includes beautiful ceramics, glass plates and jewellery, textiles from hand made doily bags to intricately knitted children's cardigans, vests and hats. Recently we have begun to stock work by indigenous artists. There is also locally made wooden pieces made from Tasmanian wood including sassafras, blackwood and Huon pine and music and poetry CD's. We stock a wide range of commercial cards plus many hand made and silk painted cards as well as books and in-house catalogues.

From time to time we will highlight the work of individual artists.
