The McClymonts

Thursday 26 April, 2012

After spending the lions share of 2011 in the USA touring, **THE McCLYMONTS** have returned home to announce their third album '**TWO WORLDS COLLIDE**' will be released in June 2012.

The McClymonts ended 2011 on a high winning the prestigious **Country Music Association (CMA) 2011 Global Artist Award**. After touring the USA for 6 months in 2011 the girls are looking forward to coming home to perform to a home crowd and being a part of the Tamworth Country Music Festival.

They will be kicking off 2012 with a huge concert in Tamworth. It will also be the first show of their new '**Hits & Previews Tour**' which will be touring around Australia in March and April".

Sam added "We are doing something we have never done before on this new tour. The Previews in the tour name means we are going to play songs that will be on the new album that will come out mid-year in Australia and a few months later in the USA. We have been busy writing all summer in **Nashville** and we are so looking forward to previewing the new songs to our Australian fans and getting their feedback."

Mollie said "Our new single will also be in this show. It is called '**How Long Have You Known**' and was released to radio in Australia on January 16. In another first for us, our record company will be releasing the new single both physically and digitally. This one was produced by **Nathan Taylor** who also worked with us on the '**Wrapped Up Good**' album and he is the guy who produces all of **Taylor Swift's** music".

The girls created a behind-the-scenes documentary style TV series all about adventures of life on the road, touring and moving to Nashville! Catch The McClymonts every Tuesday every hour from 7am – 7pm on CMC.

'Wrapped Up Good' achieved **Gold** sales in Australia and entered the **ARIA Top 100 Chart at #2** behind Susan Boyle, and **#1 on the ARIA Country Chart**. The first four singles from the album, '**Kick It Up**', '**Wrapped Up Good**', '**Hearts on Fire**', and '**A Women Is A Flame**', all went to **#1 on the Country Music Charts in Australia**. The girls also took home the **ARIA for Best Country Album of the Year**. A few weeks after this honour they took home the trophy for **Group of the Year at the Country Music Awards** of Australia for the fourth time over the last five years. '**Wrapped Up Good**' was the highest selling Country Music album by an Australian artist on the ARIA Chart for 2010.

2012 promises to be a huge year for **The McClymonts** with extensive touring in both Australia and the USA.
